District / Students - Time Frame

Only return results for students in district during the year the assessment(s) were administered.

Note: (Available for Multi-District Sites Only) Use this option to return results for students that were in the district during the year the assessment was administered.

Without using this option, the system will return results for students that took the assessment(s) and were in your district at one time regardless if they took the assessment while enrolled in your district or not.

Schools

(This filter option is available when you are filtering for one or more Schools)

Note: Use this option to return results for students that were in the School Building(s) for a specific year.

Without using this option, the system will return results for students that were in the School Building(s) at any time.

Student Groups

Include: **Absences - 04-07 HALF days** Between: and

Include: **Nbr Schools Attended - 2** Between: and

Note: Use this option to return results for students that were 'Active' in a Student Group for a particular Time period.

Without using this option, the system will return results for students who are currently 'Active' in a Student Group. Students that are no-longer 'Active' in the Student Group will not be returned.

Select the Years that you want and click OK

You can now select:

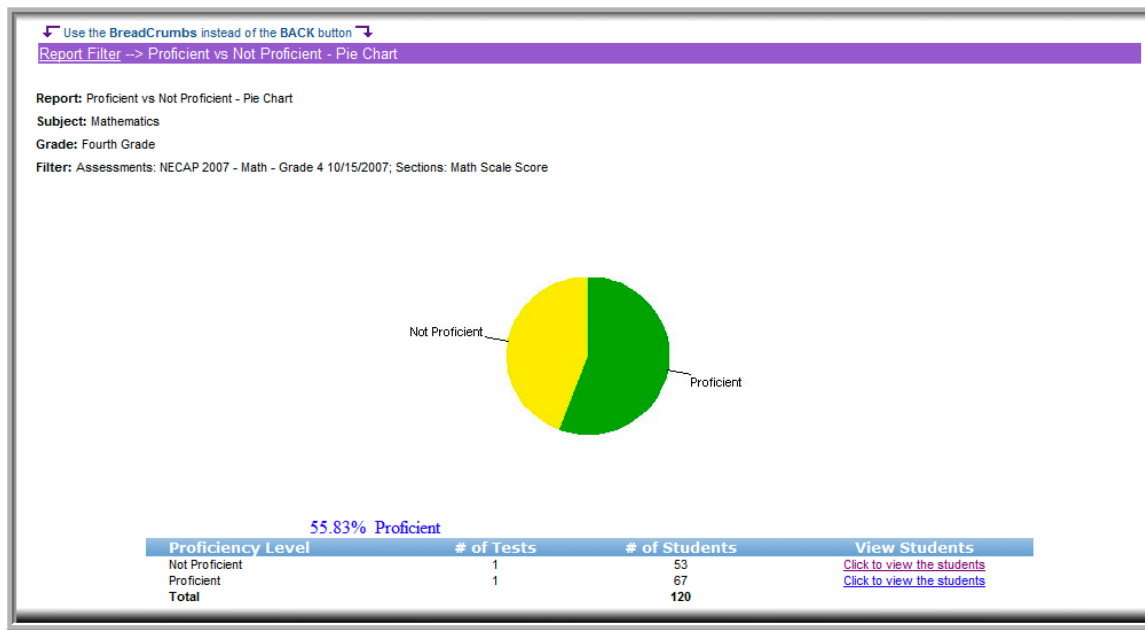

- Just the students who were in the district when the assessment was given
- Just the students who were in the school building(s) for a specific year
- Just students who were active in a student group for a particular time period.

Now click on OK and Return.

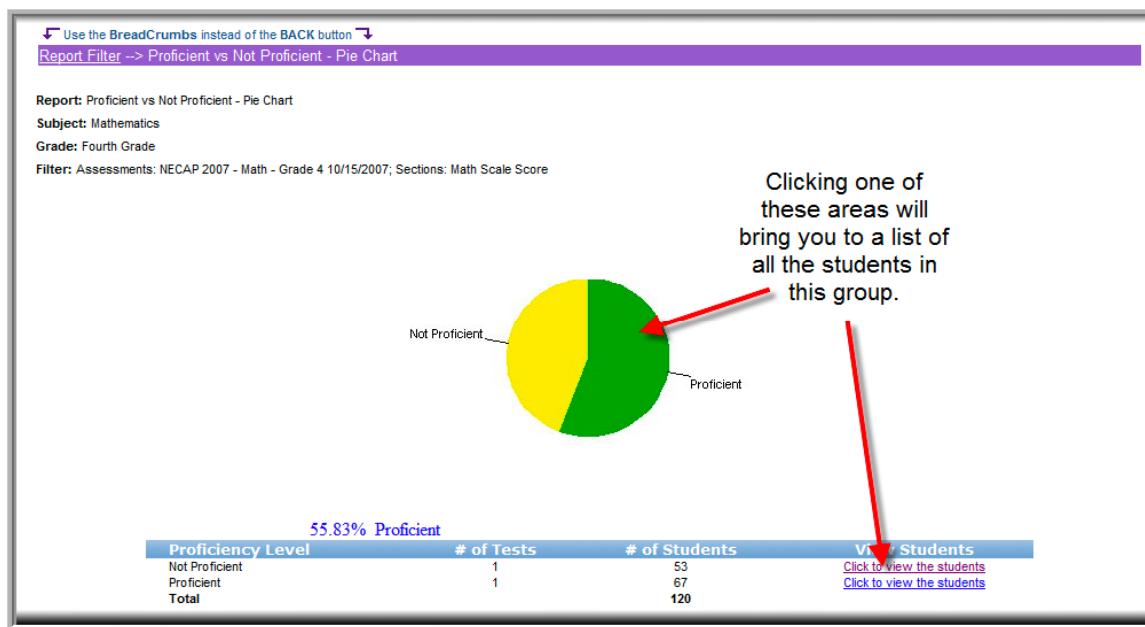

At the bottom of the returning screen click on Run Report.
